

NINETEEN YEARS OF SERVICE (1988-2007)¹

International Relief Teams mobilizes volunteers and distributes medical supplies to support the organization's four missions: 1) domestic and international disaster relief, 2) medical education and training, 3) surgical and clinical outreach, and 4) public health. Volunteer medical teams augment local health care professionals during natural disasters and other crises, conduct comprehensive in-hospital training in cardiac resuscitation, obstetrical and neonatal care, and perform surgery in remote, impoverished areas where specialists do not exist. Volunteer construction teams repair homes damaged by natural disaster, build public health facilities, and conduct community-based construction training. IRT also sponsors peer-counseling programs to reduce mother to child HIV/AIDS transmission. Since 1988, IRT has provided more than \$5.6 million in volunteer services, and more than \$112 million in medicines and supplies to families in desperate need in 42 countries worldwide.

U.S. DISASTER RELIEF

2005-2007	Hurricane Katrina, Gulf Coast	<ul style="list-style-type: none">- \$429,176 in medical supplies delivered.- Homes of 90 families repaired.- Hundreds of patients treated.
2006	Hurricane Charley, Florida	<ul style="list-style-type: none">- Homes of 2 families repaired.
